

LES ABSENTS

Photography call for submission. Part of project 'Dixparition', 10 years of exhibitions at gallery my monkey.

The non profit organization my monkey will celebrate its 10th birthday during the 2012/2013 cultural season. For this occasion, we will organize several exhibitions and events all dealing with the idea of « disappearance ».

Within the framework of this project, and in order to curate an exhibition called "les absents", we will gather photographs in which notions such as disappearance, absence, or fading and death are perceptible. Far from being dark or disturbing, the question of the loss suggests a reflection about the legitimacy of a situation, an event or an element whatsoever of the result. Dead end, but also renewal and rebirth, the theme of disappearance must be considered here as an open door to all perspectives and interpretations. Off-camera, photo accidents, overexposures, underexposures, overlays, backlightings, voluntary or accidental disappearances of elements in the picture, double exposures, compositions... any proposal or technique is accepted as long as it is a photographic project. Please avoid digital special effects: this is not an infographic contest.

— ABSENT ONES SHOULD NEVER COME BACK. —
